

Spring 2015

Dear Friends,

First some news updates and then a prophetic message based on Mark 5 and our experiences during a week of prayer and intercession commemorating the 70th anniversary of the liberation of Auschwitz.

Unfortunately there will not be an American Panim el Panim Gathering this Spring because Simpsonwood Conference Center has closed. Thank you to everyone who has recommended other places and not heard back from us. We are continuing to look for a new affordable venue.

Our Summer UK Panim Gathering will be July 11th at Bushfire Ministries in Sheffield. Price; £15 per person or £25 for a couple. For registration and further details contact: Karen@Hmmin.com

2014 was one of the most intense years we have ever experienced, and so far 2015 isn't much different. While Janet spent the summer in New York City with Tiffany who had two surgical procedures, Howard ministered in England and Poland.

Janet returned home in October with just enough time to catch up with four months of paper work, accounting and mail, and get everything organized for our Fall Panim el Panim. What a wonderful weekend spent in the Lord's presence.

In November, Howard traveled back to England to speak at "The Messiah, The Church and Israel" Conferences in York, Crawley and London. Audio copies of these messages are available.

Ministering on the Veracidad TV Channel

He returned home December 1st, and on the 4th we flew to Cancun, Mexico, for a month of ministry. We ministered in several local churches, as well as recording many messages for the Veracidad TV station. You can view these English/Spanish programs at:

We returned home on January 5th, with just enough time to unpack summer clothes, pack a winter wardrobe and duplicate CDs, before flying to England on the 15th. The afternoon we arrived, Howard had an interview on BBC Radio. The remainder of January was spent in Poland and Berlin. During the month of February we returned to England and ministered in about 20 different Churches. In each place the Lord gave a challenging and encouraging word for all of us to grow to spiritual maturity and Kingdom fruitfulness. Copies of these messages are also available. Email us for a list of titles.

We have been invited to minister in Spain in June, with new doors opening up for ministry in Portugal and Brazil. **I believe two these doors are opportunities to share the word God gave me about the “Spanish-Jewish Connection.”** If you have not read my booklet on this subject, please go to our website, or click on this link, <http://hmmin.com/PDFs/SJC.pdf>

Would you please stand with us in prayer for these various opportunities to influence lives for the Kingdom of God and consider making a financial investment in the work we are doing for the Lord. Your prayers and gifts are so appreciated; they strongly encourage us!!

Mark Chapter 5 and the 70th Anniversary of the Liberation of Auschwitz

Leading a time of prophetic declaration at the Auschwitz prayer gathering

To commemorate the 70th Anniversary of The Liberation of Auschwitz on January 27th, we were asked to be part of the leadership of a gathering of intercessors from various nations for the week of January 20-28, in a conference center that was directly across the street from the entrance to the Auschwitz death camp. It is hard to put into words the spiritual atmosphere that permeates that place. But, as some of you know from our previous newsletters, **the Lord told us that we go to Holocaust sites as “Agents of Redemption, clothed in the Armor of Light.”**

This word has given us the grace to minister each August at the Holocaust to Hope Conference and lead Communion at the infamous “Selection Point” at the Birkenau death camp. We go there as those “Agents of Redemption” because we are proclaiming that **the Blood of Jesus is the only power on earth that not only redeems individual human lives, but will also one day bring redemption to Israel and all the nations.**

During the week of prayer, we believe the Lord showed us that just as Israel was exiled into Babylon for 70 years, and then was able to return to the land to rebuild the Temple and the city of Jerusalem, so this 70th Anniversary marked a time in the spirit when God was going to begin a new season of bringing to pass more of His present redemptive purposes. I had two experiences that week that were confirmations to me about what was going to happen in this season of “*liberation.*” Before I can tell you about them, I have to give you some background, so you can understand my perspective.

Some years ago, I was invited to speak at a conference called “The River Is Here”. As I was praying about this, the Lord awakened me at 4am and asked me this question, “Where is the River going?” Being a good Jewish disciple, I answered His question with a question. I said, “I don’t

know, where is the River going?” He told me to read Mark chapter 5. He opened that chapter to me as a guideline to **three major prophetic events He intended to accomplish.**

That chapter has three stories: the deliverance of the Gadarene demoniac, the healing of the woman bleeding from her womb for 12 years and the raising of a 12 year old girl from the dead. **The Lord showed me that the Gadarene demoniac symbolized the historic Church which is in bondage to the Spirit of Religion.** This demonic spirit has made this Church “insane” and spiritually dead, as represented by his madness, chains and living in a graveyard. This “insane” demonically influenced Church had perpetrated many evils, which included persecuting the Jewish people in the name of Jesus.

The woman with the issue of blood represents the Jewish people who have suffered greatly from that “insane” Church for “12 years.” Twelve, as you may know, is the number representing governmental authority. (It is interesting to note that Hitler and the Nazis only ruled for 12 years, from 1933 to 1945. Then God determined that their governmental authority came to an end).

The long and painful history of the Church’s persecution of the Jewish people, as symbolized by this woman, had so wounded Israel’s “spiritual womb,” that she could never receive the “seed” of the Word of God – the message of Jesus’ Messiahship and atonement. Instead Israel steadfastly rejected it because Jesus, they believed, was the founder of this evil religion which only caused them great suffering and pain. But, as the woman in the story was supernaturally healed, so the Jewish people will begin to receive supernatural healing from the Lord, as the true Body of Christ “*comes to its senses*” and ministers, as it always should have, to the Jewish people in love and power.

It is interesting to note that this woman got healed when she touched Jesus’ “Tzitzit,” (the fringes or tassels all Orthodox Jews wear according to Leviticus 15:38-9). The Tzitzit are the most recognizable outward identifier of a Jew. Because she got healed by touching them, **the Lord showed me that one of the things He is going to do is restore to the Jewish people an understanding of the *Jewishness* of Jesus; that He was not some gentile god, but really a Jew!**

After recognizing that Jesus is a Jew, the next step, symbolized by the healing power flowing into her body, is the revelation that He is really the Messiah, the Divine Son of God!

As the chapter continues, Jesus raised a twelve year old girl from the dead. The Lord showed me that just as a young girl turns 12 and begins to enter into sexual maturity, such that her womb can be impregnated, so **God is going to raise up an authentic expression of the Body of Christ that is “virginal” and ready to receive the “Seed” of the “Word of God.”** Please note that this

12 year old had lived for the exact length of time that the woman suffered from her bleeding womb!

The parallel here was startling for me, as the Lord showed me that the authentic Body of Christ, controlled by the insanity of the Spirit of Religion for “12” years - representing how long God allowed that spirit to have governmental rule over the Church, - was now coming to an end and the new “virginal” womb was coming alive from the dead.

We see evidences of the authentic Body of Christ coming alive all over the earth. There are many ministries emerging who are focused on maturing disciples of the Kingdom of God, as well as restoring the authentic Biblical relationship and responsibility of the Church to the Jewish people. They are repenting of the historic sins of the “Christian” religion and creating ways of restoring their relationship with the Jewish people.

As this “Church” arises from its “spiritual death” and gains its proper Biblical understanding of its relationship and responsibility to the Jewish people, Israel’s womb can receive healing!! God is going to bring revelation about Jesus to the Jewish people!

Two Confirmations

The evening before our week of prayer at Auschwitz began, a ministry from Germany had just completed their “March of Life” and were having their closing meeting at the same conference center. This march is part of a revelation given to a German pastor, Jobst Bittner, as a way to repent of historic sins of the German people and church toward the Jewish people (see marchoflife.org). As the Second World War was coming to an end, the Nazi’s took all of the survivors of their death and labor camps and force marched them further into German territory in order to be able to continue their murderous campaign. On the “March of Life” believers march in the opposite direction of the death marches to signify that they are operating in the opposite spirit, the Spirit of God, for the opposite goals, to stand against anti-Semitism, to stand with the Jewish people and to see the restoration of God’s purposes for the Church and the Jewish people.

We were at that meeting when a **Jewish leader from the Polish city of Katowice said from the platform that their ministry had transformed Auschwitz from a place that brought him great sadness into a place that now gave him “hope and joy.”** As everyone stood to applaud this statement, I saw in my spirit that **his declaration was a prophetic sign that God was going to “heal Israel’s womb”** through the restored Body of Christ, repenting of historic anti-Semitism and loving the Jewish people. **I realized that if God could do this in the heart of one Jewish person, He could do it in all Jewish hearts. What an amazing thought!! It was for me a sign that God’s promises in Romans 11 could actually come to pass in our, or the next, generation.**

During our week of prayer and intercession, I met an Irish Catholic brother who told me he was an “Evangelical Catholic.” He explained to me that he was part of a movement in the Catholic Church to see people born again and baptized in the Holy Spirit. He also shared that they understood their Jewish Roots and their Biblical relationship and responsibility to the Jewish people and the nation of Israel. He also said that they also believed in the “*priesthood of all believers.*”

I shared with him what the ramifications of that understanding of the Scriptures would be. If all believers are priests, which is what the Bible teaches (1Peter 2:5,9), then there is no need for a special “priesthood” to minister the “sacraments.” If Catholics would believe that, it would be like the proverbial one thread that when pulled unravels the entire garment. The entire Catholic hierarchy would collapse. As I considered this in prayer, I began to see that this was a way that the Lord could indeed **deliver millions of people from the influences of the counterfeit Spirit of Religion** and set them free to be authentic disciples of the Kingdom and then become rightly related to Israel and the Jewish people. **The “Gadarene Demoniac” could be set free!**

Please take some time to pray with us about this prophetic unfolding of Mark 5. See what the Lord will show you, and how you can partake in this process of restoration. **We invite you to join us in prayer, and partner with us, as we endeavor to participate with the Lord as He brings forth the fulfillment of His prophetic purposes.**

Once again we thank you for your love and support,

Howard & Janet Morgan
